ATV Safety Education Programs

October 2001

The National Children's Center for Rural and Agricultural Health and Safety does not endorse nor recommend particular safety programs. The selected programs described below utilize a variety of strategies to promote safe ATV practices. The effectiveness of youth ATV safety education is unknown. Programs should be monitored through evaluation to document their impact on knowledge, attitudes, practices, and injury experience of program participants.

Contact the programs listed below for further information about setting up a local ATV activity. Training resources in your state or community can be identified by contacting representatives of: 1) your state ATV enforcement agency, 2) your state ATV association, or 3) your state Maternal and Child Health Injury Prevention Program. If you know of any innovative community-based ATV safety programs, please contact the National Children's Center at 888-924-7233 (SAFE).

Selected* Program Descriptions

Club Name/Address	Description
Becky Cropper 4-H Youth and Community Development Agent Brown County The Ohio State University 740 Mount Orab Pike Georgetown, OH 45121 ☎ 937-378-6716 Fax 937-378-6646	<p>The Brown County Cooperative Extension ATV Safety Program utilizes the national 4-H curriculum as a training model. The ATV safety participants enroll as 4-H members in a local club for a minimum of nine months. Currently, three ATV clubs are active in the county.</p> <p>Youth between the ages of 14 and 19 provide ATV training. All youth trainers complete the All-Terrain Vehicle Safety Institute training course and receive additional training in public speaking, communication, and working with groups. The youth work closely with an adult advisor to maintain the highest level of safety. The club also utilizes a pre- and post-test to measure safety knowledge gained during participation in the club.</p> <p>An ATV "rodeo" at the county fair provides youth the opportunity to demonstrate knowledge and skills. Youth are questioned and judged on the identification of ATV parts; interviewed about safety issues; and demonstrate safe riding techniques as part of rodeo events.</p> <p>ATV safety remains in the forefront of the community through local media and ATV safety videos provided by the club that are available for loan from the local library.</p>
Blaine Yirsa Agricultural Extension Agent Nowata County Box 231 Fairgrounds Nowata, OK 74346 ☎ 918-273-3345 email: yirsa@okstate.edu	<p>The Nowata County Cooperative Extension ATV Safety Club provides training based on the All-Terrain Vehicle Safety Institute program. The club increases safety awareness and the image of youth who operate ATVs in the county. The club was formed because of youth access to ATVs and community awareness of youth ATV-related injuries. Club activities include trail rides for adults and youth, trail mapping, and community service projects. The annual state 4-H Roundup offers youth a variety of ATV safety events.</p>

The CSN National Children's Center for Rural and Agricultural Health and Safety (a program of National Farm Medicine Center, Marshfield, Wisconsin) is funded by the federal Maternal and Child Health Bureau (HRSA Contract No. 240-98-0005) and the National Institute for Occupational Safety and Health (NIOSH Award No. Uo5/CCU514436).

Club Name/Address	Description
Hector Tavaréz Community Police Officer Egg Harbor Township Police Dept. "Ready-to-Ride" 3515 Bargain Town Road Egg Harbor Township, NJ 08234 ☎ 609-926-4040 Fax 609-926-4004	<p>The Egg Harbor Township Police Department addresses ATV safety by providing positive alternatives for youth. The program operates a 38-acre ATV riding facility for the club. Club activities include ATV safety training, recreational rides, and community service programs. Off-highway vehicle safety is provided by Police Athletic League certified instructors.</p> <p>The Egg Harbor Township Police Department uses the safety program as an alternative to adjudication for first time youthful offenders charged with an off-highway vehicle violation. For youth who choose the diversion program and complete the safety training, the charges are dismissed by the judge.</p> <p>The next challenge for the program is increasing parent involvement, developing an evaluation component, and maintaining the riding area.</p>
